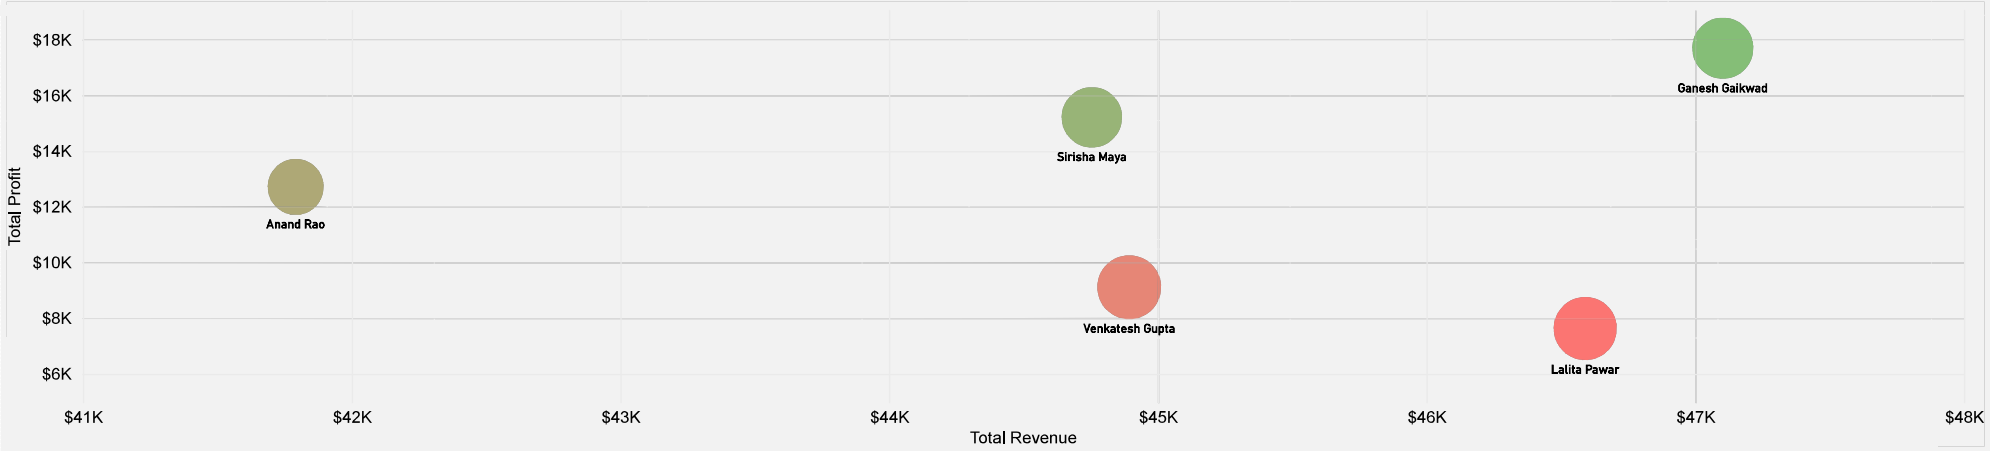
Salesperson Performance: Revenue vs Profit (Bottom Segment)



Business Insights

- West region has lowest profit margin (23%) despite contributing $187K in revenue
- Top 10 products contribute 60% of total revenue
- Bottom 10 products contribute revenue but generate minimal profit (< $5K each), indicating margin inefficiency
- Revenue varies across regions, with Central leading ($250K) while West lags ($187K), indicating uneven regional performance

Recommendations

- Improve pricing strategy in low-margin regions
- Focus on high-profit products
- Reduce dependency on top-performing products
